WORK EXPERIENCE

Orange Company, Customer Service Agent

07/2025 – 02/2026 | Cairo, Egypt
Delivered exceptional support by resolving technical and billing issues, ensuring customer satisfaction and efficient issue resolution.

PROJECTS

[Student Management System](#) ,

Tools: C#, EF Core, SQL Server & LINQ

A robust, console-based desktop application designed to streamline educational administration by managing student records, course offerings, and faculty assignments. Built with a focus on data integrity and modular software design, the system provides real-time search, multi-criteria filtering, and secure entity tracking.

[Feane – Fast Food Restaurant Website](#) ,

Tools: HTML, CSS, JS, Bootstrap CSS

Developed a fully responsive, modern front-end landing page for a restaurant featuring an interactive menu, special offers layout, and a table booking section. Focused on semantic code structure, performance optimization, and cross-browser compatibility to ensure a seamless user experience.
